	Alumnae 2: This program prepared me well for a career in counseling. I am	
	currently in a Psychology program and the counseling skills I learned at	
	Loyola have served me well.	
What was the most useful thing you learned at Loyola that prepared you for		
working in the counseling field?		
	Alumnae 1: Don't try to fit every client into the same therapeutic mold	
	and intervention(s). Have a broad lens even if you are working to master	
	one.	
	Alumnae 2: Group dynamics and developing the therapeutic alliance.	
After having worked in the field, is there anything that the program did not		
teach you that would have helpful to know?		
	Alumnae 1: More about insurance reimbursement and other aspects of	
	the counseling business.	
	Alumnae 2: Assessments (rating forms in particular, for instance the	
	Behavior Assessment System for Children). Also, statistical knowledge (e.g.	
	ANOVA's, MANOVA's, Regressions).	
Please take the time to comment about the program in general below:		
	Alumnae 1: Loyola has a very supportive counseling program and an	
	awesome staff.	
	Alumnae 2: Being a part of this program was one of the best experiences I	
	have ever had. The professors were extremely committed to their students'	
	prfoessional and academic success. I would recommend this program to	
	anyone interested in pursing a degree in counseling.
